ACKNOWLEDGEMENTS	22

MESSAGE

Assalamualaikum Warahmatullahi Wabarakatuh and Salam Sejahtera.

First of all, I wish to congratulate the workshop organisers particularly, the Organising Chairman and President of the Malaysian Society of Gastroenterology and Hepatology 2008/9, Dato' Dr Muhammad Radzi and the Course Director, Professor Dato' Dr K L Goh for organising this year's therapeutic endoscopy workshop – Endoscopy 2009 with the theme – 'Exploring the Limits of Endoscopy'. As with previous years, "Endoscopy 2009" promises to be a highly beneficial and exciting course and I wish to welcome all participants.

I wish to specially welcome our international faculty who are all top world class endoscopists: Professor Jerome Waye from New York, USA, Professor Kulwinder Dua from Milwaukee, USA, Dr Ichiro Yasuda from Gifu, Japan, Dr Hirofumi Kawamoto, Okayama, Japan, Professor Lee Yong Chan from Seoul, Korea and Dr Amit Maydeo from Mumbai, India. It is a great honour for the University of Malaya to have you come and participate in this workshop.

The University of Malaya is committed to excellence in every academic discipline in the University. We have spared no effort in providing support and encouragement for continuous improvement to achieve this lofty objective. With respect to GI endoscopy and gastroenterology, I am extremely pleased and proud to note the efforts that have been made throughout the past many years by Professor Dato' Dr K L Goh and his team that has earned them both local and international recognition as a centre of excellence and has brought a good name to the University of Malaya and Malaysia.

As Vice-Chancellor I wish to express my commitment to the Faculty of Medicine and the University Malaya Medical Centre to maintain its position as a premier medical institution. I also wish to congratulate and compliment the Malaysian Society of Gastroenterology and Hepatology and the Endoscopy unit of the University Malaya Medical Centre for organising such high quality international endoscopy workshops. It is my hope that these workshops continue to be organised annually and that we see continued advancement in research and service, as well as in the sharing of experiences between us.

I wish all of you an enjoyable and fruitful workshop.

Thank you. With best wishes.

A handwritten signature in black ink, appearing to read 'Ghauth Jasmon', written in a cursive style.

Professor Dato' Ghauth Jasmon

*Vice-Chancellor
University of Malaya*

MESSAGE

I am proud once again that the Faculty of Medicine and the University Malaya Medical Centre in collaboration with the Malaysian Society of Gastroenterology and Hepatology is organising yet again an important endoscopy workshop. This continues with the tradition of organising such top class endoscopy workshops since 1993 and I wish to congratulate the organisers.

I wish to welcome our distinguished guest faculty from overseas in particular, Professor Jerome Wayne, who will deliver the Distinguished Lecture this morning. I am also honored to welcome our other guest faculty, all famous names in their own right: Professor Kulwinder Dua from Milwaukee, USA, Professor Lee Yong Chan from Seoul, Korea, Dr Ichiro Yasuda from Gifu, Japan, Dr Hirofumi Kawamoto from Okayama, Japan, Dr Yasushi Sano from Kobe, Japan, and last but not least, Dr Amit Maydeo from Mumbai, India. I am also informed that a special highlight this year is the live transmission of cases on Natural Orifice Transluminal Endoscopic Surgery (NOTES) from Hyderabad, India.

I am also extremely proud that the GI Endoscopy unit has been awarded the “Center of Excellence” award by the OMED (World Organization of Digestive Endoscopy) and am pleased that Professor Jerome Wayne, President-Elect of the OMED will officially present the award to us at this meeting. It is a testimony to the untiring efforts of the unit in achieving and maintaining the highest standards of practice and I congratulate Professor Dato’ Dr K L Goh and his team.

I am proud that Professor Dato’ Dr K L Goh and his team have continued with their efforts to organise such important events in the Faculty of Medicine and hope they will continue with their efforts in the coming years

A handwritten signature in black ink, consisting of a stylized 'I' and 'S' followed by a horizontal line and a flourish.

Professor Dr Ikram Shah Ismail
Dean
Faculty of Medicine
University of Malaya

MESSAGE

I wish a warm welcome to all the participants, faculty members and participating biomedical industries. Without the participation of the BMIs, we would not have been blessed by an astounding and mind boggling array of equipment, tools and machines. I would like to especially welcome the members of the faculty for taking time off their busy and packed schedule to attend this Endoscopy Workshop. The presence of the participants is a show of strength of their commitment and a wonderful gesture to our Society. The presence of legends in endoscopy among our participants, speak well of the support and importance of this Endoscopy Workshop in the scheme of things.

Having said that, organising a world class Endoscopy Workshop is a tough task and I must congratulate Professor Dato' Dr K L Goh and his team for putting together this event year after year and improving it every time. They have been putting together a very high standard and internationally recognised workshop for many years and I am sure this year will not be different. This year's Endoscopy 2009 marks another important milestone as it is endorsed by OMED World Organization of Digestive Endoscopy and American Society of Gastroenterology (ASGE). The endorsement by these two highly prestigious institutions show the recognition we have achieved from our fellow international colleagues and I know that we are as proud as Professor Dato' Dr K L Goh and his team of this momentous achievement. I think Professor Dato' Dr K L Goh and his team deserve all the credit due to them for this.

In our busy schedule and work, it is sometimes impossible to have first-hand experience at close quarters and exposure to groundbreaking techniques overseas. One of the main aims of the Endoscopy Workshop is to bridge this gap by inviting the giants of endoscopy to share their skills and experience with us and therefore bringing the techniques closer to home. This also gives us the chance to interact and learn from them personally, and I hope this golden opportunity will not be wasted.

In addition to a comprehensive programme which will cover extensive aspects of endoscopy, an emerging technique called NOTES will be the highlight of our Endoscopy Workshop. To put icing on the cake, this technique will be transmitted live from Hyderabad by the well-known Dr Nageshwar Reddy and Dr G V Rao. This technique was chosen to complement the theme of this year's workshop which is "Exploring the Limits of Endoscopy". It is my hope that we will continue to embrace new techniques and technologies.

Lastly, I must thank the UMMC team again for the effort and skill in organising this workshop and not forgetting the industries which have been untirelessly support our educational programmes and helping us push the limits of endoscopy. In view of the many exciting cases being planned over the next two days, I hope that we can all sit back, enjoy the show and bring back learning memories from this event.

Dato' Dr Muhammad Radzi

*President, Malaysian Society of Gastroenterology and Hepatology &
Organising Chairman, Endoscopy 2009*

MESSAGE

Welcome to Endoscopy 2009 with the theme “Exploring the Limits of Endoscopy”.

We are indeed delighted and honored to have a distinguished faculty. It is truly a privilege to have Professor Jerry Wayne, one of the pioneers and a “giant” in colonoscopy, deliver the University of Malaya / MSGH Distinguished Lecture. In addition, we have Professor Kulwinder Dua from Milwaukee, USA, Dr Amit Maydeo from Mumbai, India, Professor Lee Yong Chan from Seoul, Korea, Dr Hirofumi Kawamoto from Okayama, Japan, Dr Ichiro Yasuda from Gifu, Japan, and Dr Yasushi Sano from Kobe, Japan, who are all, expert endoscopists in their own right.

We have planned an exciting program with live cases showcasing the best endoscopic cases which will be interspersed with practical lectures. This year, we will demonstrate the use of several new modalities including the narrow band imaging and autofluorescence.

This year’s extra highlight will be the live transmission of cases on NOTES (Natural Orifice Transluminal Endoscopic Surgery) from Hyderabad, India, by Dr Nageshwar Reddy and Dr G V Rao. This will be the first time such procedures will be shown in Malaysia!

The GIAs have their own special workshop on 20th March. Our guest faculty for this event will be Dr Ang Tiing Leong (Singapore) and Dr Ichiro Yasuda (Japan). The program promises to be both informative and “fun” for all participating GIAs and the day will end with the usual gala evening event, only for the GIAs.

A handwritten signature in black ink, appearing to read 'Goh Khean Lee', with a horizontal line underneath and two dots below the line.

Professor Dato' Dr K L Goh
Course Director
Endoscopy 2009

OBJECTIVES AND FORMAT OF WORKSHOP

Emphasis on therapeutic endoscopy: technique, indications limitations and pitfalls. Procedures will include difficult ERCPs with placement of new types of metallic stents, pancreatic endotherapy and transnasal endoscopy. We will show the whole array of new sophisticated diagnostic modalities including NBI and autofluorescence scopes with HDTV and wide angle colonoscopy and again demonstrate techniques of detection of early colorectal cancers and endotherapy of these lesions.

GIAAs are invited to participate in all sessions. A specially designed GIA symposium will be held on 20th March 2009, Friday.

HIGHLIGHTS

20 th March 2009, Friday	GIA WORKSHOP Guest Faculty: T L Ang, I Yasuda
21 st March 2009, Saturday and 22 nd March 2009, Sunday	LIVE DEMONSTRATIONS Guest Faculty: Kulwinder Dua, Amit Maydeo, Jerome D Waye, H Kawamoto, Yong-Chan Lee, I Yasuda, Y Sano
21 st March 2009, Saturday	MSGH AND UNIVERSITY OF MALAYA DISTINGUISHED LECTURE “Exploring the Limits of Endoscopy” Jerome D Waye
21 st March 2009, Saturday	WORKSHOP DINNER AND LECTURE <i>Sime Darby Convention Centre, Kuala Lumpur</i> Special Dinner Lecture: “Lessons that I have learned from colonoscopy” Jerome D Waye (All delegates are welcomed)
22 nd March 2009, Sunday (afternoon)	LIVE TRANSMISSION FROM HYDERABAD, INDIA, ON NATURAL ORIFICE TRANSENDOSCOPIC SURGERY Guest faculty: G V Rao, D N Reddy Asian Institute of Gastroenterology, Hyderabad, India)

LIVE WORKSHOP

- Endoscopic submucosal dissection for colorectal neoplasia
- Colonoscopy techniques
- Narrow band imaging and magnifying colonoscopy
- Single balloon enteroscopy
- Pancreatic endotherapy
- Biliary stenting of biliary tree (Y stent)
- ERCP with altered anatomy (BII stomach, roux-en-Y)
- Removal of ampullary tumors

NATURAL ORIFICE TRANSLUMINAL ENDOSCOPIC SURGERY (NOTES)

SPECIAL HIGHLIGHT: LIVE TRANSMISSION FROM HYDERABAD, INDIA

Dr Nageshwar Reddy

Natural Orifice Transluminal Endoscopic Surgery (NOTES) is a new experimental surgical technique whereby “scarless” abdominal operations can be performed with an endoscope passed through a natural orifice (mouth, urethra, anus, etc) then through an internal incision in the stomach, vagina, bladder or colon, thus avoiding any external incisions or scars.

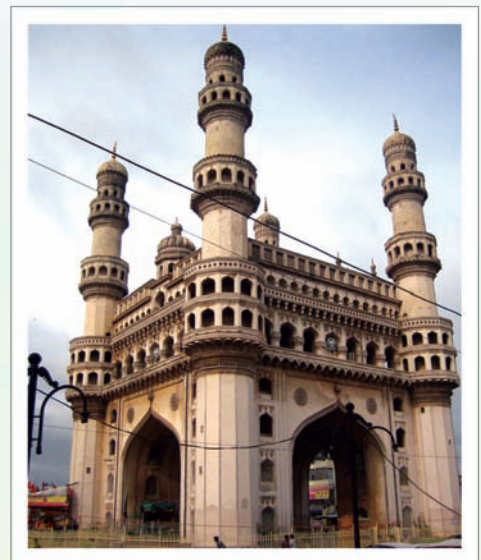

Dr G V Rao

NOTES was originally described in animals by researchers at Johns Hopkins University by Dr Anthony Kalloo and colleagues. The **first NOTES procedure on human beings** – a transgastric appendectomy was performed by the team in the Asian Institute of Gastroenterology (AIG), Hyderabad, India, headed by **Dr Nageshwar Reddy and Dr G V Rao**.

The AIG is an outstanding GI centre recognised as one of the top centres in the world. It has received many accolades for their outstanding work in gastroenterology and GI surgery including the “OMED Center of Excellence” award.

AIG, Hyderabad

Charminar, Hyderabad

INTERNATIONAL FACULTY

YONG CHAN LEE (*Seoul, Korea*)

Professor, Yonsei University College of Medicine, Consultant Endoscopist, Severance Hospital, Seoul, Korea

Professor Lee is an expert endoscopist specializing in upper gastrointestinal tract. He has worked throughout his career at the Yonsei University College of Medicine obtaining his PhD in 1998. From 2000-2003, he worked in Professor Martin Blaser's laboratory in New York University, USA on various aspects of *Helicobacter pylori* infection. Dr Lee spent several of his school going years in Kuala Lumpur.

JEROME D WAYE (*New York, USA*)

Clinical Professor of Medicine, Mt. Sinai Medical Center at City University of New York and Chief of the Gastrointestinal Endoscopy Unit, Mt. Sinai Hospital and Lenox Hill Hospital, New York

Professor Jerome Way, teacher and colonoscopist par excellence is truly a legend in his own time. A long time Professor and Chief of Endoscopy in the famous Mount Sinai Hospital, New York, Jerry Waye is a household name throughout the world of endoscopy. Professor Waye has held many important posts in the American College of Gastroenterology, American Society of GI Endoscopy and is currently President-elect of the World Organization of Digestive Endoscopy (OMED). Professor Waye is Distinguished Lecturer for Endoscopy 2009.

KULWINDER S DUA (*Milwaukee, USA*)

Professor, Medical College of Wisconsin, Milwaukee and Director, Diagnostic and Therapeutic Endoscopy, Froedtert Memorial Lutheran Hospital, Medical College of Wisconsin

Professor Dua is well known for his expertise in esophageal stents where he has devised an anti-reflux self expandable metallic stent which bears his name – the Dua stent. He has performed excellent research in this area. In addition, he is also an expert in ERCPs. He is Chief of Endoscopy at the Froedtert Memorial Lutheran Hospital, Medical College of Wisconsin and is a well respected teacher and therapeutic endoscopist throughout the USA.

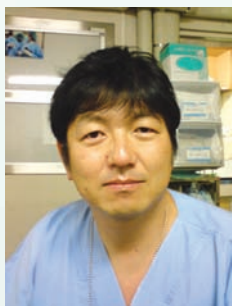

ICHIRO YASUDA (*Gifu, Japan*)

Associate Professor, Gifu University and Consultant Therapeutic endoscopist, Gifu University Hospital,

Dr Yasuda belongs to the long line of expert younger set of Japanese endoscopists. An alumnus of the famous Endoscopy unit at Hamburg under Professor Soehendra is an expert in ERCP and Endoscopic ultrasound (EUS) and is head of the pancreatobiliary section in his hospital.

INTERNATIONAL FACULTY

HIROFUMI KAWAMOTO (*Okayama, Japan*)

Assistant Professor, Okayama University Graduate School of Medicine, Dentistry, and Pharmaceutical Sciences

Dr Kawamoto is an expert in ERCP where he has special interest and expertise in the use of metallic stents for biliary strictures. He worked in Hiroshima before moving to Okayama in 2002 where he is now the head of the biliary section at the Okayama University Hospital

AMIT MAYDEO (*Mumbai, India*)

Head, Department of Endoscopy and EUS, Jaslok Hospital and Research Center, Mumbai India

Dr Maydeo is a “man for all seasons”. An expert in so many aspects of therapeutic endoscopy, Amit trained initially as a surgeon. Following the footsteps of his mentor professor Nib Soehendra he now dedicates himself purely to endoscopy. He was one of the earliest endoscopy fellows in Hamburg in the late 1980's. He now runs a top class therapeutic and research unit at the Jaslok Hospital in Mumbai.

YASUSHI SANO (*Kobe, Japan*)

Director of Gastrointestinal Center, Sano Hospital, Kobe, Japan

Dr Sano is an expert in colonoscopy and colorectal diseases particularly in the diagnosis and treatment of early colorectal tumors. He worked previously in the National Cancer Centre East, Chiba prefecture and is now working in private practice in the Sano Hospital in his hometown of Kobe, Japan. He is famous for his skills in endoscopic submucosal dissection (ESD) where he is considered a true world's expert.

PROFESSOR JEROME D WAYE –
MALAYSIAN SOCIETY OF GASTROENTEROLOGY AND HEPATOLOGY
AND UNIVERSITY OF MALAYA DISTINGUISHED LECTURER 2009

Citation by Dato' Dr Muhammad Radzi
(President, Malaysian Society of Gastroenterology and Hepatology)

It is my pleasure to introduce Jerry Wayne who is our distinguished speaker for the MSGH Special Lecture in Endoscopy 2009. Jerry is a person who does not need much of an introduction seeing that his reputation far precedes him and I dare say there is little or none of us that have not heard of him before. It is indeed our privilege to get a chance to hear him speak and he will be talking to us about “Exploring the Limits of Endoscopy” – the theme of the Workshop.

Jerry is one of the pioneers of endoscopy and one cannot study endoscopy without coming across his name or read any groundbreaking endoscopy papers without seeing his name. Being one of the giants of endoscopy, there is no other better man to give us this lecture on the limits of endoscopy.

When I was given his curriculum vitae which was probably an abridged version, it shocked me that it was 51 pages. If I recall correctly most of the CPGs that I know of, are less than 51 pages. This speaks volumes of his experience and knowledge. Condensing this into a citation is a monumental job and I hope, I did not do him any injustice during the next few minutes.

Jerry graduated from the Boston University School of Medicine, MD (Cum Laude) and started his internship nearly half a century ago at Mount Sinai Hospital, which was already a world renowned hospital at that time and completed his gastroenterology fellowship four years later. As we already know, he subsequently excelled himself in the field of endoscopy and is a member of no less than 20 professional societies, of which he became the President / Chairman of six of them. Currently, he is the President-Elect, World Organization of Digestive Endoscopy (OMED). He is also actively involved in 30 workgroups and affiliated to 15 medical journals. A man of his stature is never short of awards and the lists of awards bestowed upon him currently stands at 18 with more to come, I am sure.

Needless to say, it is unsurprising that a man of his standing would have 243 published articles, 59 abstracts, 9 books, 69 chapters, 4 books in ancillary publications, 44 ancillary articles and have given 251 lectures and courses. I am sure that there will be more publications to come this year and the next.

Currently, Jerry is the Clinical Professor of Medicine of The Mount Sinai Medical Center and also Chief of Gastrointestinal Endoscopy Unit, The Mount Sinai Hospital. It gives me great pleasure indeed to welcome Jerry to Malaysia and to invite this great man to give us the lecture.

OVERSEAS GUEST LECTURER AND MODERATOR

DR ANG TING LEONG (*Singapore*)
Consultant Gastroenterologist
Changi General Hospital, Singapore

LOCAL MODERATORS / COORDINATORS

DATO' DR ABDUL SHUKRI SALLEH

Head of Medicine
Putrajaya Hospital
Putrajaya

DR APRIL CAMILLA ROSLANI

Consultant Surgeon

GIA COURSE

Date : 20th March 2009, Friday
Venue : Dewan Bidara, Faculty of Medicine, University of Malaya

Course Organiser : *Ummi Kalthom Ibrahim*
Course Coordinators : *Salem Omar, Jeeta Manikam*
Guest Faculty : *Ang Tiing Leong (Singapore), Ichiro Yasuda (Japan)*

- 0800 – 0830 Registration for GIA course
- 0830 – 0900 **OPENING REMARKS**
- *Ummi Kalthom Ibrahim*
 - *Philip Gisan, President, GIA Chapter, MSGH*
 - *Jayaram Menon, Chairman JKK, Gastroenterologi, KKM*
 - *Muhammad Radzi , President, MSGH*
- 0850 – 0900 Introduction of Course *Jeeta Manikam / Salem Omar*
- 0900 – 0930 The Liver, Biliary System and Pancreas – Understanding Basic Anatomy & Physiology with Reference to Endoscopic Procedures *Hamizah Razlan*
- 0930 – 1000 Indications for ERCP and Pancreatobiliary EUS
Wong Choon Heng / Qua Choon Seng
- 1000 – 1030 **TEA BREAK**
- 1030 – 1100 How You Can Really Help: GIA Assistance – ERCP?
Ang Tiing Leong
- 1100 – 1130 GIA Assistance EUS *Ichiro Yasuda*
- 1130 – 1240 Endoscopic Accessories – Company Showcase
Olympus / Boston Scientific / Wilson-Cook / TaeWoong
- 1245 – 1400 **LUNCH**
- 1400 – 1500 Hands-On Practice With Endoscopic Accessories
Company Specialists
- 1500 – 1600 GIA Quiz
Jeeta Manikam / Qua Choon Seng / Juanda Leo Hartono
- 1600 – 1700 MSGH GIA Section Meeting
- 1900 – 2300 GIA Dinner and Party (*Venue: Hotel Armada, Petaling Jaya*)

DAILY PROGRAMME

21st March 2009, Saturday

- 0800 – 0830 **REGISTRATION**
- 0830 – 0900 **OPENING CEREMONY**
Professor Dato' Ghauth Jasmon
Vice-Chancellor, University of Malaya
- 0900 – 0940 **MSGH Special Lecture and University of Malaya Distinguished Lecture**
“Exploring The Limits Of Endoscopy”
Jerome D Wayne
(OMED Center of Excellence Lecture 2009)
CITATION: *Muhammad Radzi* (President, MSGH)
- 0940 – 1000 **TEA** / Visit Trade Exhibits
- 1000 – 1300 **LIVE DEMONSTRATIONS**
DISCUSSION PANEL:
Jayaram Menon (Lead Panelist), *R Krishnan*, *A Shukri*, *Melvin Raj*
- 1300 – 1420 **LUNCH** / Visit Trade Exhibits
- 1420 – 1520 **LECTURE** / Video-demonstration
“Endoscopy With The Champions”
Yong-Chan Lee / Hirofumi Kawamoto / Ichiro Yasuda
PANEL: *H J Tan*, *Razman Jarmin*
- 1520 – 1730 **LIVE DEMONSTRATIONS**
DISCUSSION PANEL:
S Sharmila (Lead Panelist), *M Nazim*, *S Rosemi*, *S Ganesanathan*,
Wendy Lim
- 1900 – 2200 **WORKSHOP DINNER** (*Sponsored by Nycomed Malaysia*)
Special Dinner Lecture
“Lessons That I Have Learned From Colonoscopy”
Jerome D Wayne

DAILY PROGRAMME

22nd March 2009, Sunday

- 0810 – 0930 **LECTURES**
Moderators: Yunus Gul, Jayaram Menon
- 0810 – 0830 Refractory Benign Esophageal Strictures:
Widening The Role Of The Endoscopist
Kulwinder S Dua
- 0830 – 0850 Painless Colonoscopy – The Master’s Technique
Jerome D Wayne
- 0850 – 0910 Diagnosis Of Early Colorectal Cancer
Yasushi Sano
- 0910 – 0930 Secrets To Successful Biliary And Pancreatic Canulation
Amit Mayo
- 0930 – 1000 **TEA** / Visit Trade Exhibits
- 1000 – 1300 **LIVE DEMONSTRATIONS**
DISCUSSION PANEL:
A Chua (Lead Panelist), *R Ding*, *E K Ooi*, *S M Raj*, *April R*, *Mazlam Z*
- 1300 – 1400 **LUNCH** / Visit Trade Exhibits
- 1400 – 1700 Live Transmission of NOTES from Hyderabad, India
D Nageshwar Reddy / G V Rao
DISCUSSION PANEL:
Manisekar S (Lead Panelist), *Ramesh G*, *Jasmi A Y*, *K F Chin*, *Sanjiv M*,
L Sanker V, *Y W Yan*
Closing Remarks

OMED CENTER OF EXCELLENCE

CHRONIC HEPATITIS C

PEGASYS® Response-Guided Therapy delivers:

- High SVR rates for RVR achievers^{1,2}
- **Shorter** duration of treatment for RVR achievers^{3,4}
- **Greater** chance of SVR for slow responders⁵
- **99%** maintained SVR up to **7 YEARS** post treatment⁶

CHRONIC HEPATITIS B

PEGASYS® offers:

- **Sustained** remission⁷
- **Improved** seroconversion rates over time⁸
- Lack of viral resistance^{7,9}
- **Finite** duration of treatment^{7,9}

PEGASYS®
 peginterferon alfa-2a (40KD)

SUCCESS THAT YOU CAN DEPEND ON FROM BEGINNING TO THE END

PEGASYS®

Composition: Active ingredient: peginterferon alfa-2a. **Therapeutic Indications:** **Chronic Hepatitis B:** Pegasys is indicated for the treatment of both HBeAg-positive and HBeAg-negative chronic hepatitis B in non-cirrhotic and cirrhotic patients with compensated liver disease and evidence of viral replication and liver inflammation. **Chronic Hepatitis C:** Pegasys alone or in combination with Copegus (sofosbuvir) is indicated for the treatment of chronic hepatitis C in non-cirrhotic patients and cirrhotic patients with compensated liver disease. **Dosage and Method of Administration: Standard Dosage Chronic Hepatitis B:** The recommended dosage of Pegasys for both HBeAg-positive and HBeAg-negative chronic hepatitis B is 180 mcg once weekly by subcutaneous administration in the abdomen or thigh. The recommended duration of therapy is 48 weeks. **Chronic Hepatitis C:** The recommended dosage for Pegasys, alone or in combination with Copegus (sofosbuvir), is 180 mcg once-weekly by subcutaneous administration. Copegus should be administered with food. The recommended duration of Pegasys monotherapy is 48 weeks. The duration of combination therapy and the daily dose of Copegus given in combination with Pegasys should be individualized based on the patient's viral genotype (see Table 1).

Table 1. Dosing Recommendations

Genotype	Pegasys Dose	Ribavirin Dose	Duration
Genotype 1, 4	180 mcg	<75 kg = 1000 mg ≥75 kg = 1200 mg	48 weeks 48 weeks
Genotype 2, 3	180 mcg	800 mg	24 weeks

Contraindications: Pegasys is contraindicated in: • known hypersensitivity to alpha interferons, • autoimmune hepatitis, • decompensated cirrhosis. **Special Warnings and Special Precautions for Use:** Use of alpha interferons has been associated with exacerbation or provocation of psoriasis. Serious, acute hypersensitivity reactions (eg urticaria, angioedema, bronchoconstriction, anaphylaxis) have been rarely observed. Standard haematological and biochemical laboratory tests are recommended for all patients prior to Pegasys treatment. **Undesirable Effects:** Commonly reported undesirable effects with either Pegasys/sofosbuvir combination or Pegasys monotherapy were: anaemia, thrombocytopenia, neutropenia, hypo or hyperthyroidism, neuropsychiatric manifestations. **Interactions with other Medical Products and other Forms of Interaction:** No pharmacokinetic interactions between Pegasys and sofosbuvir have been observed in clinical trials in which Pegasys was used in combination with sofosbuvir. **Special Precautions for Storage:** Store in the refrigerator at 2 - 8°C. Do not freeze or shake. Store in the original package in order to protect from light. **Packs:** Pre-filled syringes 135 mcg 1%, Pre-filled syringes 180 mcg 1%. Full details on pharmacokinetics, indications, dosage / administration, precautions, contraindications, side effects are available on request.
